## CURES ECZEMA QUICKLY

New Discovery Has Revolutionized the Treatment of Skin Diseases

Nothing in the history of medicine has ever approached the success of the marvelous skin remedy known as poslam, which, it is safe to say, has cured more cases of eczema and skin diseases than any remedy ever offered for these ills.

The success of poslam is not at all surprising when it is considered that even a very small quantity applied to the skin stops itching immediately and cures chronic cases in two weeks. The very worst cases of eczema, as well as acne, herpes, tetter, piles, salt rheum, rash, crusted humors, scaly scalp and every form of itch, yield to it readily. Stomach troubles, pimples, red noses, muddy and inflamed skin disappear almost immediately when poslam is applied, the complexion being cleared over night.

Every druggist keeps both the 50-cent size (for minor troubles) and the \$2 jar, and either of these may be obtained in Bridgeport at Jennie Hamilton's Pharmacy as well as other reliable drug stores.

But no one is even asked to purchase poslam without first obtaining an experimental package which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West Twenty-fifth street, New York City.

## Attractions at Steeplechase

Five big attractions will be provided for visitors to Steeplechase Island, Sunday, four of them absolutely free, while amusement will be furnished with the admission tickets as usual. Hurricane, the great trotting ostrich, standing ten feet high and weighing 400 pounds, will trot up and down the trail, harnessed to a sulky. It is the fastest bird in the world and as a novelty feature always excited interest. Wormwood's Dog and Monkey circus will give a free performance both afternoon and evening, as well as Webb's seals and sea lion band, which will close their engagement Sunday night. The Coast Artillery band will play all afternoon and evening in the grove, and the Detroit Americans, one of the greatest baseball teams in the history of the game, will play the Orators an exhibition game.

Tomorrow afternoon the races of the Park City, Pequonnock, Miami, Mohawk and Beekmantown yacht clubs can be seen to great advantage from the island, which affords the opportunity of a splendid view of the most exciting part of every race. The yachts can be seen going to the turning point and back again, without the aid of glasses, for they will be in close range of the vision.

The information booth established in the department store of Smith, Murray & Co. for the annual baby show and decorated carriage parade next Tuesday, is supplying information and entry blanks free for this event. While entries will be accepted up to the time of the starting of the parade, it is better to send them in before that time so provisions can be made for all contestants. The prize list is larger than ever before and therefore the chances of getting a valuable prize are better. The children's white dress carnival is a new feature for girls from 4 to 14 years old, and a gold watch of the chrysanthemum type will be awarded to the winner of each of the ten classes.

## FREIGHT TRAIN DITCHED.

TWENTY CARS PILED UP (Special from United Press). Buffalo, July 30.—Fast freight train No. 35, on the Rome, Watertown and Eggerton branch, was ditched near Model City early today. The train was a double header and both locomotives with 20 cars were piled up. The engineers escaped with a few bruises.

## TOWER BELLS MAY HAVE TO GO SOON

Little Bells Give Alarms Faster to Those Connected With Fire Department.

## HOW SYSTEM IS ARRANGED

Many persons have expressed curiosity over the time that elapses between the ringing of the small bells in the fire engine houses and the tower bells. In several instances recently the fire apparatus has been several blocks away from the fire before the bells in the towers were heard. This loss of time is accounted for by the fact that the tower bells are no longer on the circuits connected with the alarm boxes, but are operated by a manual system.

When the fire commissioners wanted the alarm system speeded up in order that the box number might be recorded as soon as the horses were hitched, Superintendent B. J. Connelley, who is in charge of the department, decided to disconnect the small bells in the houses, but that it was impossible to raise and lower the hammers on the big bells any faster. In order that the big bells might not hinder the small bells any longer, the commissioners ordered the big bells disconnected.

Fireman Edward Wheeler, one of the veterans of the department, who has been a wagon driver since he was injured a few years ago, is the bell ringer of the department in the day time. He is stationed at station headquarters in Middle street twelve hours a day. When an alarm comes in on the small bell he secures the number and sends it to the engine house, where the tower bells are rung. The second round of the box is being struck; on the small bells before the alarm can be transmitted to the line operating the big bells.

At night Edward Mahoney and Arthur Platt, the department linemen, alternate in standing watch to operate the tower bells. Platt is on duty until Mr. Wheeler relieves them in the morning. The warning horns at Fairfield avenue and Main street and the small bells in the police station and the homes of firemen are all on the speeded service so that everyone who has to do with the fire department is under way before the public is aware there is a fire.

It will probably be only a short time before the question will be raised as to whether Bridgeport will want to continue the tower bells at all. Their only use at the present time is to furnish a warning to about 36 callmen and to the chief as he makes his daily visit to engine houses and performs his work as fire marshal. With the call service abolished and a change made whereby the chief or assistant will be willing to get along without the tower bells, the ringing of the bells from a box in the neighborhood of one's home results in many people going getting into a panic.

In New Haven, where the tower bells were abolished, the citizens of the place did not want to be apprised of the location of fires when there were any. Their demand for the restoration of the big bells was granted to the extent that the alarm is sounded from fire headquarters on a tower bell in the same manner as it is in this city.

The question is whether Bridgeport will be willing to get along without its tower bells. The ringing of the bells from a box in the neighborhood of one's home results in many people going getting into a panic. In New Haven, where the tower bells were abolished, the citizens of the place did not want to be apprised of the location of fires when there were any. Their demand for the restoration of the big bells was granted to the extent that the alarm is sounded from fire headquarters on a tower bell in the same manner as it is in this city.

It will be sometime before the tower bells will not be needed, and then it will be decided whether or not the port will be willing to do what New Haven wouldn't do—part with its fire bells.

## The Emporium Sale.

There is something, somewhere in female nature, that makes shopping a perfect delight. The "Bargain Counter" rush hour becomes a reality at stores that are considered of their patrons' comfort every likely precaution has been taken to expedite the service. In these days, with the cost of living soaring higher and higher, it generally falls upon the woman, if she is discriminating, to effect those little savings in her purchases, which during the year amount to a pretty penny. It is evident therefore, that the weekly haste and bustle which is so strongly noticeable during the sales at this store, has underlying it, some sound economic reasons, for the average woman is very keen in her appreciation of values. That is one of the reasons why this store, has such a large patronage. And now for a few hints to all shoppers. Attend the 7th Emporium Sale at Kleban & Gelman's. This being the season of the year when a live store cleans up Summer stocks without qualifications. As the man of war cleans desks for action, so does the up-to-date enterprising store clear counters and shelves for the coming Fall Campaign. For the same reason Kleban & Gelman usually defer the Summer Emporium Sale until the end of July when the clearing is possible without hesitation. By the way these sales have been remarkably successful this year, it being a bit different from any other sale—and the first time you visit it this difference will be manifest. Prices on everything are so extraordinarily low that to do your shopping here means a coal money saving of the sort that is evident to any judge of merchandise and value tomorrow, Saturday is the final and crowning day of the Emporium sale. If you're out shopping you owe it to yourself to attend some surprises in the way of unusual values awaiting for you.

MR. LEONARD ASHEIM, Architect, begs to announce that he has opened offices for the practice of architecture, in the Court Exchange building, 211 State St., Bridgeport, Conn. Telephone 1032-12. P. 30 \* tf

## SOCIAL AND PERSONAL

Attorney James A. Turner, who about four weeks ago received a severe break of the right knee cap while in bathing off Fairfield Beach, is now so progressed with his injury that he is able to walk about with crutches at his home on Iranistan avenue. Jim intends to be about as usual next week, his appearance, no doubt, being hailed with delight by his many friends.

Four of the members of the Nukle A. C. of this city have hired camping grounds on Walnut Beach. They intend to make the sand and water their home till after Labor Day. The party includes, Floyd Bellings, Harry Macguire, Jack Casey and Al Starr. The quartet have now gone on a healthy coast of tan since they made their advent on the beach Independence day.

The Misses Elizabeth I. McLaughlin and Ella Hanley of Iranistan avenue who are stopping at the Mount Pleasant House in Newtown find the climate so beneficial in that town that they have decided to prolong their sojourn there for another week. The young ladies have already been gone two weeks.

The factory of the Union Type-writer Co. will shut down Saturday noon of this week for its annual mid-Summer two weeks' vacation. The employees of the concern will take advantage of this opportunity so kindly offered them, by putting in their time at the number of pleasure beaches surrounding this city. It has

been stated that the members of the baseball team representing the factory which team is leading the Industrial league, will take in a few of the big league games at the Metropolis.

Miss Laura T. Patrick and her sister, Miss May L. Patrick will sail from New York tomorrow on the Anchor line steamer California for Glasgow, Scotland. They will tour Great Britain and the continent, returning in September.

On the registers of the prominent hotels about this state and in the Berkshires, appear the names of a number of local people enjoying the delightful scenery and exhilarating air of this section. Although the long period of drought has made dusty riding still the increase of oiled highways has counteracted the effect and the comfort in long tours been assured. At the Aspinwall in Lenox yesterday was registered Mr. and Mrs. Lucien T. Warner and Master Warner and Mrs. A. T. Whitman. They are touring in a Packard. At the Winchester in Winsted was Mrs. Northrop and Mrs. Morse of this city with Mr. and Mrs. Henry Trumbull of Plainville in a Corbin car. Mr. and Mrs. A. L. Riker and daughter in a Locomobile arrived at the Elton in Waterbury.

While driving in Milford yesterday morning Alderman John M. Griffin was kicked in the left leg by his horse opening a gash about 4 inches long. The wound was dressed by Dr. McCarthy and Mr. Griffin continued at his work.

Ada, widow of John H. Stowe, who has been a resident of Stratford for many years, died at the Bridgeport Hospital, yesterday afternoon, after an illness of some duration at the age of 62 years. She is survived by a daughter, Mrs. Dayton Bartian of this city.

## REV. MR. BROWN PROSTRATED BY HEAT AT FETE

Falling prone upon his face in the streets, last night, Rev. Joseph R. Brown, rector of Calvary Episcopal church, gave his parishioners a severe shock, especially when those who rushed to his assistance found him in an unconscious state. For a few moments it looked as if the big lawn fete which had been arranged for the benefit of the church would have to be abandoned. But the illness of Mr. Brown proved not to be serious. The night was exceedingly hot. He had been energetic in the assistance he gave to the enterprise and the vigor of his labors, added to the heat, prostrated him. He was quickly resuscitated and pluckily remained to share in the festivities, fearing that otherwise the enjoyment of those attending the fete would be impaired. The fete was given on the church property at North avenue and Wells street. It was in every way a success. This morning Rector Brown was said to be resting comfortably at his home in Parallel street.

## LYNN STRIKERS WIN

IN ALL FOUR PLANTS  
Lynn, Mass., July 30.—The packing room employees' strike which has been in progress here for a week past, was brought abruptly to a close yesterday when the Joseph Caunt Company signed an agreement with the strikers. This gave the strikers a victory in all of the four plants, where they struck for higher wages. At all other factories the scale was accepted.
